

Bioland 4G

BLOOD PRESSURE MONITOR

Bioland 4G Blood Pressure Monitor is the lowest cost 4G device on the market and one of the easiest to use. This device combines the traditional testing kit (with multiple components) into one simple device with cellular-enabled 4G technology. This device is easy-to-use, durable, reliable and accurate.

In addition to the convenient design, the Bioland 4G Blood Pressure Monitor ties into any software platform. Please refer to our Developer's Guide for integration steps.

FEATURES

- On the right side of the monitor screen you can view the Diastolic, Systolic and Pulse Rate data once the BP machine is finished working.
- **Adjustable Large BP Cuff Monitor for upper arm 22-42cm / 8.7-16.5-inch circumference.** Connecting the BP cuff with the monitor can be automatically working. On the left side of the monitor screen is the color to distinguish blood pressure.
- **FDA certified and C-E certified, track up to 3 months of readings for your doctor.** If you suffer from hypertension or hypotension, daily use our blood pressure Monitor to track blood pressure values, your doctor can offer more accurate diagnosis and treatment
- **One-Touch Operation and Carry Case:** The Blood Pressure Monitor is fully automatic, just need to press one "Start" button to measure your blood pressure and heart rate. Entire process takes less than 30 seconds.
- **Lightweight and fits in a convenient case** so that you can take it with you anywhere.

SPECIFICATIONS

- ✓ Built-in NB module and SIM card for cellular and IOT Mobile communication
- ✓ Measurement results are uploaded to the server within 10 seconds
- ✓ Armband self-check & wrong operation reminder
- ✓ Comes with long cuff size: 22-42cm / 8.7-16.5-inch circumference
- ✓ Fully automatic voice indication
- ✓ Large, high-definition LCD display
- ✓ Dual users can switch freely, double 50 groups of memories
- ✓ Irregular Heartbeat Detection (IHD)
- ✓ Arteriosclerosis reminder with blood pressure indicator
- ✓ Accuracy: ± 3 mmHg (pressure) / $\pm 5\%$ (pulse)
- ✓ Power source: Built-in 1000 mAh rechargeable lithium battery
- ✓ The measurement results are automatically uploaded to the server within 10 seconds
- ✓ Storage: 5°C - 40°C, RH 15%-80%
- ✓ Measuring range: 0-280 mmHg (Pressure) 40-195 beats/min (Pulse)
- ✓ Package include: 1 x blood pressure monitor + arm cuff, 1 x user manual
- ✓ Output power: 6V $\pm 5\%$ Measurement pressure: 3 mmHg 0 to 299 mmHg
- ✓ Accurate pulse: 5% for reading 40 to 199 pulses/min Air pressure mode: micro air pump automatically inflates and electronic automatic control deflates
- ✓ Automatic shutdown: about 3 minutes
- ✓ Maximum output current: AI for 600 mA
- ✓ Output plug polarity: <+> internal
- ✓ Outside diameter: 5.5mm 0.1mm
- ✓ Internal diameter: 2.1mm 0.1mm

CONTENTS OF THE KIT

- ✓ 1 x Blood Pressure Monitor
- ✓ 1 x Adjustable 21 Inch Arm Cuff with Tube
- ✓ 1 x USB Type C Cable
- ✓ 1 x Storage Bag
- ✓ 2 x Lithium Ion Batteries
